Holiday Homework

Class I

Session:2016-2017

Dear Parent,

Holidays are here, yet another opportunity for our little ones to do something beyond the mundane routine.

It's time to EXPLORE, CREATE AND INNOVATE

Children are our lifeline. We had an excellent time with our kids since the beginning of the new session wherein they enjoyed doing various activities, playing games, listening to interesting facts and stories apart from their academics.

OVER TO YOU NOW, DEAR PARENT

Kids will be with you for the next one and a half months and let's maintain this rhythm to make each day worthwhile for them.

FEW TIPS TO MAKE HOLIDAYS 'FUN AND LEARN' TIME FOR KIDS

1. EMPOWER THE LITTLE ONES

Involve kids in daily chores like doing up their bed ,hanging and folding clothes ,laying the table.This will make them confident responsible and teach them dignity of labour .

2. CHILDREN SPELL LOVE AS TIME

Our children need our presence more than our presents so

- Strive to have atleast two meals together .Make them aware of the hundreds of people who worked hard to provide them a meal.Let the kids understand that **to have food in our plate, we need to cultivate.**
- Read ,play ,sing and have lots of fun with them.
- Instead of just telling the child to read help them to select the books ,read along with voice modulation which will encourage them to read more often.
- Help them to learn five new words everyday and make a constant effort to use them repeatedly.
- Teach them a few folk songs and enjoy singing along with them.

3. TAKE THEM FOR OUTINGS

- A visit to grandparents ,relatives and friends will help them understand about sharing and bonding with near and dear ones.
- Take them along to the market, malls and shopping complexes .Let them be a part of purchasing groceries, checking price tags, checking bills etc. This will naturally teach them value for money.
- Plan visits to amusement parks ,public parks and let the children socialize with the people out there.Let them observe the way you greet people and interact with them.

4. FOCUS ON THEIR PHYSICAL ACTIVITIES AND EATING HABITS

- Under your guidance set a routine for your kids where they perform pranayama and simple stretching exercises.
- Encourage them to play outdoors in the evening instead of watching TV and playing with electronic gadgets.
- Inculcate healthy food habits .Let them enjoy fruits ,juices, lassi and ensure they do not binge on junk food and aerated drinks.

Last but not the least

Handhold your child at every step, make this journey of life, happy and a beautiful one for them that one day they create their own golden stories.

Wishing you a wonderful time with your little ones and looking forward to sharing experiences after summer break.

COLOUR THE EARTH BLUE AND GREEN

HAVE A BALL

When I was born, I was given a ball
(The ball was green and blue)
My mom said "Share and Take good care.
It belongs to others too.

Keep it clean, keep the green parts green
Try to make the blue parts bluer.
If you love this ball, it will never grow old.
In fact, it may grow newer!"

So I did all that and I did some more,
Coz I love this ball a lot.
And I hope that you will love it too....
And it's the only ball we've got!

ENGLISH

WORD MOBILE

Take an old hanger, with pastel sheets cut rectangles of size 2" by 3". Write different words of things / places / people / animals, you see around yourself. Now arrange these under the following heads.

Also join the rectangles with a pieces of ribbon.

PEOPLE

PLACES

ANIMALS

THINGS

Hurray ! Your word mobile is ready.

STORY TIME

What better way to spend a lazy summer afternoon than to read a story book.

Read 8-10 short stories like –

- Little Red Hen
- Hansel and Gretel
- Rapunzel
- Hare and the Tortoise
- Cinderella
- Sleeping Beauty
- Thumbelina
- The Frog Prince
- The Talkative Tortoise
- The Monkey and the Capseller
- Jack and the Beanstalk
- The Three Little Pigs
- Snow White and the Seven Dwarfs
- A class presentation on story telling will be conducted in the month of July.

Learn any short story of your choice with enactment for the same.

EVS

Let us transform our kids into "ECO-FRIENDLY KIDS"

Involve your kids in reducing your carbon footprints by **reducing, recycling and reusing**.

Recycled water bottle bird feeder

Welcome birds into your neighbourhood this vacation. Make your own bird feeder with easily available materials. Birds can feed out seeds from the holes on sides of the water bottle. It is super easy to refill by the cap on the top of the water bottle. So get the material and get started.

Materials needed :

Plastic bottle, pencils, bird seeds, twigs, knife / blade.

Directions :

1. Make 2 holes opposite to each other near the bottom of the bottle to allow the pencil to go through it (take help of an adult.)
2. Pierce another two holes (adult help) to put another pencil through it at 90 degree angles.
3. Now pierce holes above the perches a little larger than the size of the seeds.
4. Tie some twine on top of the bottle to hang it.
5. Fill the bottle with bird seeds.
6. Hang your bird feeder on a branch or outside your window and enjoy the chirping of the birds.

Bird feeder

1. Make a banner using half pastel sheet of any colour on the theme "Me and my Environment". The banner should have some visuals and a catchy slogan related to the theme.
2. Do the following projects given in the EVS section of Pearls book:
 - Lesson 2 page 171 (Project F)
 - Lesson 3 page 173 (Project F)
