Holiday Homework

Class PREP

Session:2016-2017

Dear Parent,

Holidays are here, yet another opportunity for our little ones to do something beyond the mundane routine.

It's time to EXPLORE, CREATE AND INNOVATE

Children are our lifeline. We had an excellent time with our kids since the beginning of the new session wherein they enjoyed doing various activities, playing games, listening to interesting facts and stories apart from their academics.

OVER TO YOU NOW, DEAR PARENT

Kids will be with you for the next one and a half months and let's maintain this rhythm to make each day worthwhile for them.

FEW TIPS TO MAKE HOLIDAYS 'FUN AND LEARN' TIME FOR KIDS

1. EMPOWER THE LITTLE ONES

Involve kids in daily chores like doing up their bed ,hanging and folding clothes ,laying the table.This will make them confident responsible and teach them dignity of labour .

2. CHILDREN SPELL LOVE AS TIME

Our children need our presence more than our presents so

- Strive to have atleast two meals together .Make them aware of the hundreds of people who worked hard to provide them a meal.Let the kids understand that **to have food in our plate, we need to cultivate.**
- Read ,play ,sing and have lots of fun with them.
- Instead of just telling the child to read help them to select the books ,read along with voice modulation which will encourage them to read more often.
- Help them to learn five new words everyday and make a constant effort to use them repeatedly.
- Teach them a few folk songs and enjoy singing along with them.

3. TAKE THEM FOR OUTINGS

- A visit to grandparents ,relatives and friends will help them understand about sharing and bonding with near and dear ones.
- Take them along to the market, malls and shopping complexes .Let them be a part of purchasing groceries, checking price tags, checking bills etc. This will naturally teach them value for money.
- Plan visits to amusement parks ,public parks and let the children socialize with the people out there.Let them observe the way you greet people and interact with them.

4. FOCUS ON THEIR PHYSICAL ACTIVITIES AND EATING HABITS

- Under your guidance set a routine for your kids where they perform pranayama and simple stretching exercises.
- Encourage them to play outdoors in the evening instead of watching TV and playing with electronic gadgets.
- Inculcate healthy food habits .Let them enjoy fruits ,juices, lassi and ensure they do not binge on junk food and aerated drinks.

Last but not the least

Handhold your child at every step, make this journey of life, happy and a beautiful one for them that one day they create their own golden stories.

Wishing you a wonderful time with your little ones and looking forward to sharing experiences after summer break.

COLOUR THE EARTH BLUE AND GREEN

HAVE A BALL

When I was born I was given a ball
(The ball was green and blue)
My mom said "Share and Take good care.
It belongs to others too.

Keep it clean, keep the green parts green
Try to make the blue parts bluer.
If you love this ball it will never grow old.
In fact, it may grow newer!"

So I did all that and I did some more,
Coz I love this ball a lot.
And I hope that you will love it too....
And it's the only ball we've got!
